

PROTECTING HEARTH...

A good Sweep does more than clean your chimney. Jack Pixley Sweeps are qualified to examine your wood-burning unit top to bottom, inside and out. They know the local fire codes and can identify many dangerous conditions if they exist. They will take the time

to do a thorough, professional sweep. Unlike some, Jack Pixley Sweeps won't leave your home a mess. They **will** leave you with the confidence that you and your family can enjoy a pleasant fire in much greater safety.

AND HOME!

Professional Inspection and Cleaning Includes:

- ✓ Inspect Concrete Wash/Crown for Lifting, Cracking, Voids or Deterioration (Except in Unsafe Circumstances)
- ✓ Check Brickwork for Deterioration
- ✓ Power Sweep the Flue
- ✓ Attempt to Visually Examine Flue Tiles for Cracks or Mortar Loss
- Proper Examination is only Possible with a Closed Circuit Camera Inspection (Additional Time and Charge Required)
- ✓ Inspect Smoke Shelf for Birds and Animals
- ✓ Clean and Vacuum Smoke Shelf
- ✓ Power Sweep Smoke Chamber from Below
- ✓ Check Damper Condition and Tightness of Fit
- ✓ Brush Firebox
- ✓ Inspect Firebox, Hearth and Hearth Extension
- ✓ Protect the Home Interior Using Dropcloth and Vacuum System
